

# CLEAN-UP

## HEAVY-DUTY DETERGENT

### DIRECTIONS

Clean-Up is a combined formulation of emulsifiers, detergents and wetting agents designed to remove greasy deposits even when combined with dust and dirt, or when heat-set due to exposure to high temperatures such as found on heavy equipment, transport trucks and trailers.

Clean-Up breaks up hard-to-remove deposits by liquifying grease and compacted oil accumulation, then emulsifies the dirt for easy removal with a high-pressure hose or brush.

Clean-Up is safe to use on stainless steel, iron, concrete, plastic, poly, glass, and even soft metals like aluminum, if rinsed prior to drying.

**This product is a concentrate and must be diluted before use. See table below.**

Cleaning Application	Clean-Up / Water (fl. oz / gal)
Heavy-Duty Cleaning	12.5
Medium-Duty Cleaning	7.0
Light-Duty Cleaning	5.0

### APPLICATION METHODS

Clean-Up can be applied using a spray, mop or foam applicator. Foam is an effective way to easily clean heavily soiled areas providing a residual soaking action on both vertical and horizontal surfaces.

#### Pressure Sprayers

High and low pressure sprayers are recommended for easy removal of debris and rinsing. Foam applicators attachments give excellent cleaning results with Clean-Up. Note: aluminum, copper, and other soft metals may be clean with Clean-Up but use- solution must be well rinsed shortly after application to prevent any metal etching.

#### Horticultural Applications

Clean-Up may be used in greenhouse, nurseries, interiorscapes, botanical gardens, atriums, packing houses, commercial/retail florists, bouquet man-ufacturers and by fruit and vegetable growers.

#### Livestock Applications

Clean-Up has many applications on poultry, pig, cattle, and dairy farms

**Areas of Use:** animal pens, barns, parlors, drinkers, cages, receiving areas, egg rooms, kill floors, storage areas, packing equipment, farm machinery, processing areas, and for floor scrubbers and general cleaning.

**For detailed instructions on how to use Clean-Up in your particular application, contact your Pace Representative.**

Detailed instructions for the use of Clean-Up are also available online at [Pace49.com](http://Pace49.com).
