

CLEAN-UP

HEAVY-DUTY DETERGENT

DIRECTIONS

Clean-Up is a combined formulation of emulsifiers, detergents and wetting agents designed to remove greasy deposits even when combined with dust and dirt, or when heat-set due to exposure to high temperatures such as found on heavy equipment, transport trucks and trailers.

Clean-Up breaks up hard-to-remove deposits by liquifying grease and compacted oil accumulation, then emulsifies the dirt for easy removal with a high-pressure hose or brush.

Clean-Up is safe to use on stainless steel, iron, concrete, plastic, poly, glass, and even soft metals like aluminum, if rinsed prior to drying.

This product is a concentrate and must be diluted before use. See table below.

Cleaning Application	Clean-Up / Water (fl. oz / gal)
Heavy-Duty Cleaning	12.5
Medium-Duty Cleaning	7.0
Light-Duty Cleaning	5.0

APPLICATION METHODS

Clean-Up can be applied using a spray, mop or foam applicator. Foam is an effective way to easily clean heavily soiled areas providing a residual soaking action on both vertical and horizontal surfaces.

Pressure Sprayers

High and low pressure sprayers are recommended for easy removal of debris and rinsing. Foam applicators attachments give excellent cleaning results with Clean-Up. Note: aluminum, copper, and other soft metals may be clean with Clean-Up but use- solution must be well rinsed shortly after application to prevent any metal etching.

Horticultural Applications

Clean-Up may be used in greenhouse, nurseries, interiorscapes, botanical gardens, atriums, packing houses, commercial/retail florists, bouquet man-ufacturers and by fruit and vegetable growers.

Livestock Applications

Clean-Up has many applications on poultry, pig, cattle, and dairy farms

Areas of Use: animal pens, barns, parlors, drinkers, cages, receiving areas, egg rooms, kill floors, storage areas, packing equipment, farm machinery, processing areas, and for floor scrubbers and general cleaning.

For detailed instructions on how to use Clean-Up in your particular application, contact your Pace Representative.

Detailed instructions for the use of Clean-Up are also available online at Pace49.com.
